Dear Club Delegates

There is a way your club members can **Play Better for Longer** and at the same time help your Club develop a **Simple, Easy & Effective Fundraiser** that works all year round.

Agel products can help your players:

- Improve joint flexibility
- Reduce joint pain
- Help rebuild cartilage
- Increase stamina
- Increase mental focus
- Help aid in after match recovery

Plus many other benefits to improve overall wellness.

The club doesn't have to stock, sell or deliver Agel products, simply pass on referrals & enquiries to us at the Help Desk. The Club Fundraiser Help Desk will follow up & send out the relevant information. Then we will set up customers with an online account where Agel head office will debit their credit or debit card & deliver the products directly to them. This in turn makes it easier on the club executives, having a Fund Raiser with little or no administration.

This involves the Club becoming an Agel Distributor. To become a Distributor is a once off joining fee of \$49.50 and an initial order of 4 or 16 boxes of Agel products.

From that time on the club as a Distributor pays the wholesale price for Agel products. The club also receives commissions from Agel when club members & their friends & family purchase the product.

Some clubs are raffling a box of OHM (improves stamina & mental focus) at every match as an additional fundraiser. Clubs are also allowing members to sample the products by selling individual sachets (30 sachets in a box) out of the canteen eg OHM for \$3.95 each & FLX for \$4.95 each.

This new innovative way to help players & clubs is getting a lot of interest with positive feedback from clubs and their members. The speed of your actions can make a drastic difference to your fundraising opportunity.

Timing is a major factor to this as a Club Fundraiser. The key points are:

- Minimal administration or time required. *We do all that for you!!*
- Free ongoing consultations, for the club, staff, members, players & players family & friends.
- Constant income in & out of season

As part of this WIN WIN program your players, family & friends can get the benefit of our ongoing support, showing them how they can *Play Better for Longer* with Agel Suspension Gel Products.

For more information about the benefits of Agel products or how this fundraiser can work for your club, contact:
